Title: Jack Warped EP

Format: Digital

Release Date: 9th of November 2015

File Under: Deep House

London, UK, 2015 – Long-term Frankfurt House-players **C-Rock (Lo-Fi Stereo / Stir 15** and **Cocoon)** and **Franksen (Treibjagd, Houseworx)** team up with **sinnmusik*** to bring you a timeless EP with a jackin' touch and real House feel.

C-Rock is a global House all-star. Whether working solo, or together with legends such as **Chez Damier**, or his **Motorcitysoul** project: **C-Rock** shows a deep understanding of all areas in House music! **Franksen** is a well-established icon in Frankfurt representing 360° of electronic music culture: as a radio host, DJ, producer or writer, his productions have appeared on labels such as **Suara, Plastic City, Circle Music** and dozens more. Earlier this year the duo contributed to the **sinnmusik*** catalogue with a funky breakbeat-ish remix for "**No Not In The Face**" by **G.Markus** which garnered support by '**Music For Freaks**' legend **Justin Harris** and more. Now the duo return with a proper EP packed with free-ranging remixes by the likes of **Fewture & Freddie Glitch, Kelson** and **Zoka!**

Listen: <https://soundcloud.com/sinnmusik/sets/sm036>

First up is '**Jack Warped**', which digs into raw beats and bass for that jackin' sound with an analogue twist.

Our heroes' mutual understanding ranges from Nu-Groove to Strictly Rhythm and the second original '**Passion**' gives you exactly that.

Zoka's recent efforts got him an entry to Berlin Uberlabel Exploited Records. He graces '**Jack Warped**' with a proper remix, in which he twists everything around by adding vocals and texturing his interpretation with a very own and unique flavor.

Between a slight tribal vibe and big room attitude new label acts **Fewture & Freddie Glitch** prologue the heartbeat of '**Jack Warped**' re-designing it as an all-area-access-track!

Kelson keeps it deep yet positively light on this remix. Focusing on elastic bass lines, nicely shuffled beats and a skippy-vibe that will start parties right up.
