**Artist:** Vibe Killers, Adrian

**Title:** Leave A Message EP

**Format:** Digital

**Release Date:** 18th of January 2016

**File Under:** Deep House

**London, UK, 2015** – UK brotherly duo **Vibe Killers** had a fine start garnering solid support on big stages and charts by no other than **Jamie Jones**, **Loco Dice**, **Richy Ahmed** amongst a host of others. Alongside their artist project **Mark** and **Michael** also run the label **Killer Vibe** with four successful releases to-date. **sinnmusik\*** is proud to welcome the duo back for it's first release in 2016 pursuing the brothers housier-side of peak time tunes. Keeping the package slim and on point it contains two originals and a dub-flavoured remix-tool by label family member **Adrian**.

**'Leave A Message'** is a heavy weight club track with a solid groove and subtle stuttering stabs riding along a chunky bassline beside random answering machine vocal snippets flavouring the title of the track.

**'Just Wanna Dance'** is the second and last original on this EP. Shuffling HI hats, driving bass and a punching kick make for a guaranteed floor filler.

**Adrian** gets up on remix duties with a stripped back, dubbed up version of the headlining track with this his **'On Hold Mix'**. Glitchy beakbreat percussions and heavy low-end sections make this one a must-have tool track.
